Subject: Draft MoU between Anti Narcotics Force and the Australian Federal Police

Please find enclosed Note Verbale no. 365/25 alongwith its enclosures dated 24th July 2025 received from Australian High Commission in Islamabad on the above subject.

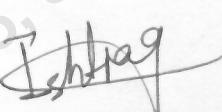

2. The Australian High Commission has informed that the TPN was meant to notify MOFA of the mutually agreed draft of MoU and to proceed with the signing arrangements. Unfortunately, the signing was postponed since AFP Islamabad post was remotely managed from China and there was no AFP member present in Islamabad at the time of agreement.

3. The Australian Federal Police has further informed that Detective Superintendent Louise McGregor, who is currently Senior Officer China and Islamabad, intends to travel to Pakistan between 6-19 September 2025. The AFP Islamabad post aims to go through with the MoU signing during her visit, preferably between 15-18 September. She might also be accompanied by AFP member Peter Steinle who would be taking the command for Islamabad post this year. Since the MoU has already been approved by AFP and former Ministry of Narcotics Control

4. The Australian Federal Police has shared the final draft of the MoU for further processing & signing arrangements. The AFP has further conveyed that the name of the signatories might change on the document, depending on availability of senior officials on both sides at the time of MoU signing.

5. Forwarded for information and further necessary action, please.
